

Bradford District and Craven
Maternity Voices
Partnership

Working in partnership to improve maternity services

What was your experience of maternity care?

Maternity care refers to the health services provided to women, babies, and families throughout the whole pregnancy, during labour and birth, and after birth for up to six weeks.

Q1. What went well for you?

Q2. What could have been better?

Anything else you would like to tell us
(please list any services your feedback relates to)
