

# Health & Care Bill

Integrated Care System (ICS)

Integrated Care Partnership (ICP)

# Health & Care Bill – the headlines...

- Reform of Social Care is not included in the Bill
- Collaboration replaces competition
- NHS commissioning arrangements change – CCG's will cease to exist and statutory duties will transfer to the ICS (The ICS will become a statutory body)
- Builds on arrangements already in place
- New arrangements to take effect from 1<sup>st</sup> April 2022

# The ICS Model

## Four elements:

- The partnership (the whole)
- The ICS Core Team (NHS body)
- Provider Collaboratives (Acute Hospitals and Mental Health Providers)
- Places - ICP's (Bradford & Craven, Leeds, Kirklees, Calderdale and Wakefield)

*Happy healthy at home*

# What is our ICP?

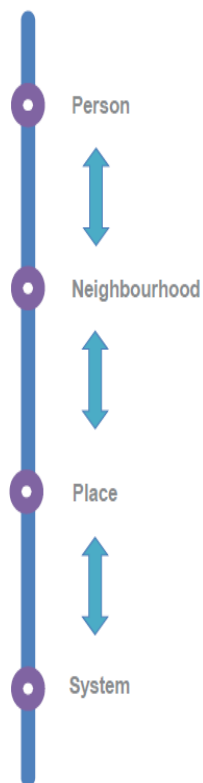

- A **partnership** of NHS, Council, Voluntary Sector, independent care providers who **collaborate** to improve health and wellbeing and ensure equality of outcome
- Informed by the experiences and insights from our **communities**
- Grounded in the expertise of our **clinical and professional** leaders
- Operating through a model of **distributed leadership** in communities, organisations and place partnerships

*Happy healthy at home*

# Subsidiarity – a key principle...

Person to System  
System to Person

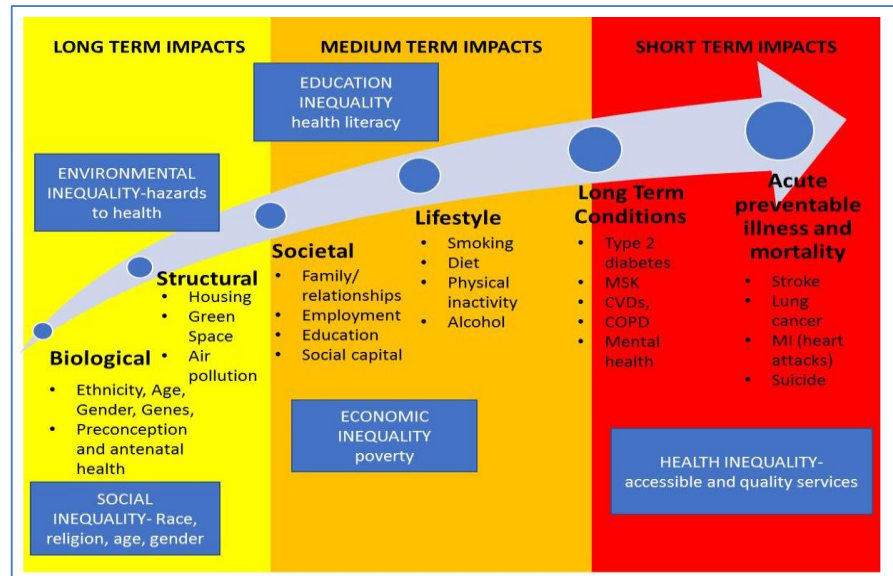

*Happy healthy at home*

# Health Inequalities are our priority...

## We will 'Act as One' to:

- Understand the impacts of Health Inequalities on our communities
- Work with communities to understand their needs
- Design and deliver plans that:-
  - ✓ Focus on prevention and support people to stay healthy, well and independent
  - ✓ Provide proactive, joined up and personalised care for those who need it
  - ✓ Seek to address the underlying social, structural and environmental causes of poor health

## Community Partnerships
