

An update of the 1%/Left Shift work in AWC and broader

- In late August the ICP Exec Board agreed to move to make this 1% conversation to be part of our system strategy
- James Drury and I have been tasked with setting up a task and finish group which meets fortnightly until January
- Membership includes:
 - Vicki
 - James Drury
 - Louise Clarke – CCG head of Strategy
 - Helen Farmer – Head of Access to Care – Act as One
 - Mike Woodhead – DoF BDCFT
 - Cassandra Walker – Locality – Keep it Local mandate
 - Richard Haddad (or his nominee)
 - Iain MacBeath (or his nominee)

An update of the 1%/Left Shift work in AWC and broader...

Our tasks:

Definitions – what do we mean by 1%

Baseline – what's our current and planned expenditure within the definitions?

Mechanisms – how we intend to use our planning and finance processes to enact 1%

Timings and phases

Engagement and testing

We will report in to ICP Exec, both H&C Partnership Boards and this forum plus the AWC Hub

Links across the system

Links across the system:

- Community Partnership Development Board and framework – VCS colleagues to be identified
- Community Partnership VCS Leadership group (lets not call ourselves reps!)
- Finance and planning sub group of the above
- System Strategy Group
- Health and Care Partnership Boards
- Plus any new groups that come out of the ICS changes?
- Have I missed any?

What's next

- Complete the work of the task and finish group – get agreement pre March 22.
- Work out where/with whom this work sits on a long term basis – how to mainstream it as part of the culture
- Huge connections to the CP work – how will we merge this? Whilst accepting things are in different places in each of the CP's and not being held back
- What other income can we bring in to the district to match this – how do we link in with Give Bradford/The Inward investment work and create more grant pots like Keighley Community Health Grants.
- How can we use opportunities that comes from West Yorks to do the same – match some of this commitment from the system. Creating on the shelf bids and partnerships ready to go.
